# TULIPS

# (1931)

## DO YOU GROW TULIPS?

If not you are missing one of the finest bulb-grown flowers. Tulips are of easy culture and give an abundance of bloom at a season when other flowers are scarce.

It is natural for large tulip bulbs to break up into several divisions and it is unusual to harvest as many of the large size, from a planting of large bulbs, as were planted. Many people have concluded from this that tulips lost vigor in their soil when the tulips were only increasing in a natural way. Purchase second size and planting stock by the quart if you wish to test your locality for tulip growing.

## TERMS AND SHIPMENT

These prices are F. O. B., Portland, Oregon. Express is the best method of shipment for all except local and small parcels. Tulips carry safely by freight if the weight is enough to make it profitable. Minimum order is \$1.00. Lily seed is prepaid.

## REFERENCE

Bradstreets or R. G. Dun & Company, Mercantile Agencies, or American National Bank, Portland, Oregon.

## DISCOUNT

For 1000 rate multiply 100 price by 9.

Twenty-five bulbs sold at 100 rate, and 250 or more at 1000 rate.

For less than 25 bulbs add 10% to 100 rate.

No item less than 20 cents.

Tulips are sold F. O. B., Portland, Oregon, and all offers are subject to prior sale.

The count of tulip bulbs in quarts of small stock will vary somewhat with the variety but runs close to 130 bulbs.

Sizes are given in inches for the convenience of my customers.

If you wish to compare with sizes given in centimeters of circumference, multiply size given by 8, thus  $1\frac{1}{4}$ " up is 10 to 12 cm., and  $1-1\frac{1}{4}$  is 8 to 10 cm.

For weight of your shipment see estimates given below varieties.

Bulbs take second class express rate.
